

# YMCA Camp Twin Lakes

## 2020 BUDDY REQUEST FORM

As a parent you may request to have your child paired with another camper or campers in the same age unit of camp, however please read the following guidelines before making the request:

- You may **only select two pairings**.
- Your child must be in the **same age unit** as the buddy camper.
- Pairings are **not guaranteed**, and may change even after approval without notice.

I fully understand the above information if I request my child to be paired with a buddy camper. We will make every attempt to accommodate the request; however the YMCA reserves the right to deny the request or resend the action once the change has been made.
