# WHY DANCE CAMP?

The YMCA of Greater Williamson County is extremely proud of its dance program. Our goal is to provide top level instruction in a safe fun environment.

Dance camp is a great way for your child (and perhaps your child's friend) to be around other dancers from across Williamson County and learn from top coaches with years of experience.

But its more than that... dance camp is about making memories that last a lifetime... these memories are just as important as a pirouette, arabesque, or a plié.

Your child will be staying in our brand new cabins (yes there is heating, air conditioning, and indoor plumbing!) supervised by adult chaperone counselors and eating in our spacious dining hall. Sign up today for a great dance camp experience that we promise will be a lifelong memory for your child!

Sincerely,

**Your YMCA of Greater Williamson County  
Dance Staff**
